

ENERGETIX ICL INDIA CONSORTIUM INC.

Unit 1207 Atlanta Center # 31 Annapolis St.
Greenhills San Juan City, 1500, Metro Manila
Telephone no. (02) 8571-3809
Mobile no. (Globe) 0917 8994013

COMPANY OVERVIEW

The birth of consortium came into fruition when Energetix Power Technologies Corp. (EPTC) was earnest in search of a partner that has technical expertise in the field of heat transfer technology was needed to enabling it to participate in a project competently and cost effective. Energetix was led to a company in India, widely known as International Coil Ltd. India (ICL India), one of the prominent manufacturers, suppliers and exporters of advanced-technology of Heat Transfer Systems which has four business divisions – Broad Absorption Chillers, Refrigeration-Systems, Heat-Transfer – Systems and Engineering Project Contracts (EPC – Projects Engineering).

Energetix Power Technologies Corporation as managed by Adrian Macam and ICL India with their principal players met and agreed to combine their resources and expertise to form a consortium and serve as collaborative and institutional vehicle to have its presence felt in this field of technology named as Energetix ICL India Consortium Incorporated which was formally established on June 25, 2013.

Energetix ICL India Consortium Inc. was registered to Securities and Exchange Commission with an initial capitalization of Ten Million Pesos. With business address at Unit 2401 Atlanta Center, # 31 Annapolis St. Greenhills San Juan City.

MISSION

To become a solution partner of our Customer in buying, selling, distributing, marketing and wholesaling all kinds of goods such as cogeneration and CHP EPC, heat transfer products, air coolers and cold storage projects, wares and merchandise of every kind and description including advance technology of heat transfer system while protecting the quality of environment.

To establish lasting relationship with our customers by exceeding their expectation and gaining their trust through exceptional performance by every member of Energetix ICL India Consortium Incorporated.

VISION

Energetix ICL India Consortium Inc. envision to be a well known solution provider offering a wide range of tailor made heat transfer products and innovative technologies with great customer benefit at reasonable prices. Committing to our customer with Dedication, Sincerity and Honesty in a prompt and enhance service support we can offer.

ENERGETIX ICL INDIA CAPABILITIES

Energetix ICL India Consortium Inc. is a solution provider organization focusing on engineering services innovation, quality and advance technology of Heat-transfer products. Our responsibility starts by giving free product consultation and conceptualization through our customer requirements in terms of selling our product, heat-transfer technology and system design and its component, installation, testing and commissioning and after sales service.

Our capabilities was made possible because of the extensive experience in the industry and continuously updating technical knowledge of our personnel and management through hands-on training.

PRODUCT LINES

MECHANICAL PRODUCTS: HVAC

HITACHI (Hitachi Technology, China)

- VRF System

HISENSE (Hitachi Technology, China)

- VRF System

DAIKIN (Japan Technology)

- Split Type
- VRV
- Multi Split

LG (Korea)

- Split Type
- Window Type
- VRF
- Chiller

Package Type Air conditioning Unit

AERMEC (Italy)

- Chiller/Magnetic Chiller
- Precision Aircon (PACU)
- Fan Coil Units (FCU)
- Air Handling Units

SODECA

- Fans & Blowers

YANTAI MOON (China)

- Refrigeration

FRICON (USA)

- Refrigeration

BROAD (China)

- Absorption Chiller/ Waste Heat Recovery/ Magnetic Chiller

KINGAIR (China)

- Screw Chiller/ Air cooled/ Water cooled Chiller

BETEC CAD (U.A.E.)

- Fire Dampers
- Motorized Fire Dampers Filter (with TRD & Melting Fuse)
- Motorized Fire Smoke Dampers
- Tunnel Ventilation Dampers/ Gas

Hisense

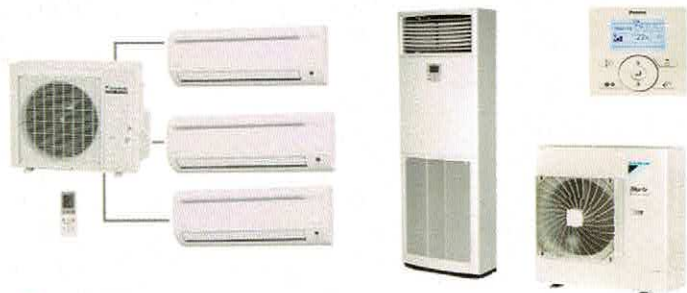

life reimagined

HITACHI

DAIKIN
AIR INTELLIGENCE

LG

AERMEC
air conditioning

- Tight Dampers
- Marine Dampers/ Volume Control Dampers
- Round Volume Control Dampers
- Industrial Ventilation Dampers
- Sound Attenuators/ Acoustic Louvers
- Weather Louvers/ Grilles
- Diffusers/ Jet Nozzle - Ball Diffusers
- Linear Slot Diffusers/ Plenums
- Variable Plenums/ Fire Rated Doors
- Access Doors/ Duct Heaters (with VAV)
- Metallic Filters/ Synthetic Filters

THERMAX

- Boilers & Heaters
- Absorption Cooling

SANJIU (China)

- Cooling Tower

VOLKSLIFT (Germany)

- Elevator
- Escalator

SALICRU (Barcelona, Spain)

- UPS (Uninterruptible Power Supplies)

NAFFCO

- Fire and Jockey Pump
- Fire Fighting Equipment
- Hospital Ambulance

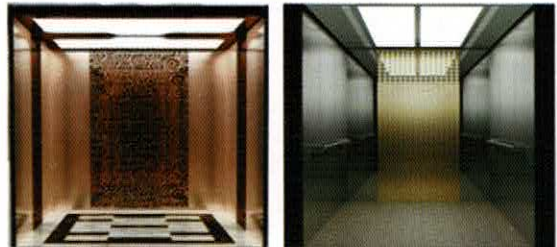

FIRE PROTECTION AUXILIARY

- CCTV/CATV
- BGM-PA
- PABX
- FDAS

MEDICAL GAS

PREVENTIVE MAINTENANCE:

- Servicing, Troubleshooting, Repairs, Preventive Maintenance
- Servicing and parts Installation of HVAC Equipments
- Chiller/ Cooling Tower Installation
- In-house Fabrication
- Project Management by Licensed Engineers

SALICRU

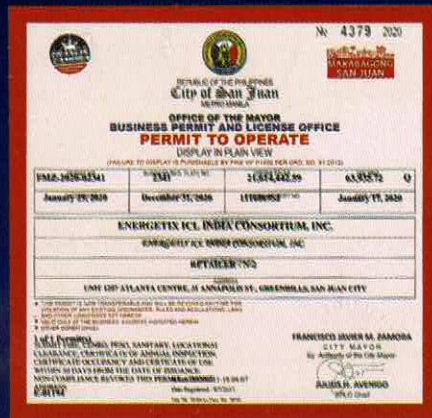

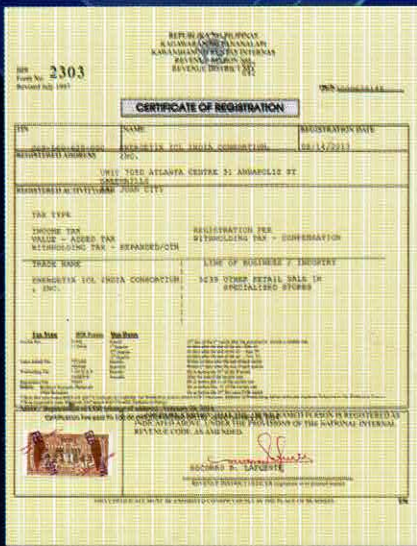

AOSIF POWER GENERATOR

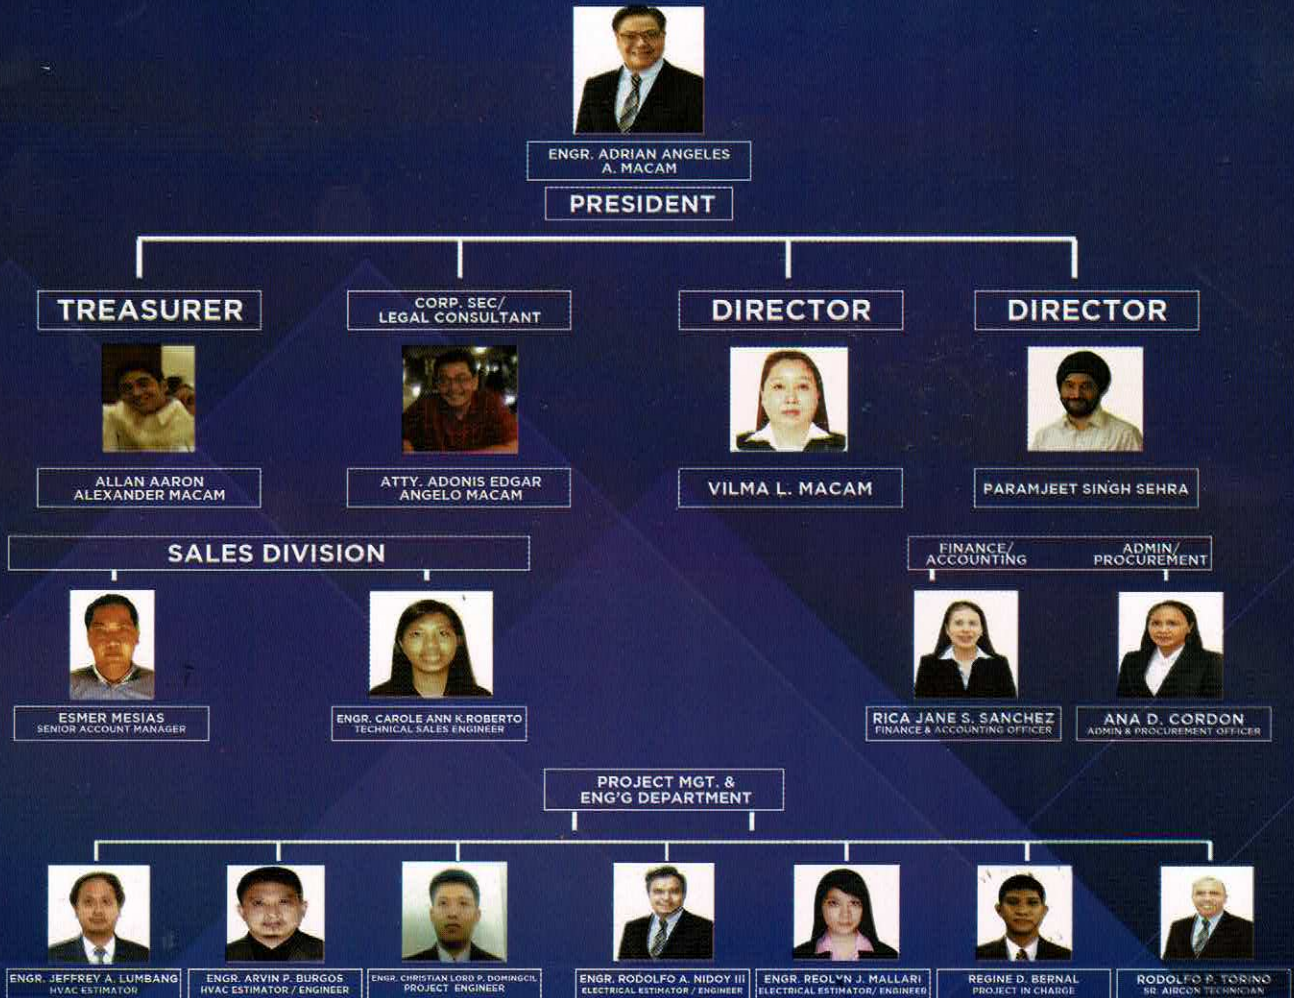

GENESAL ENERGY

BUSINESS PERMITS AND LICENSES
